THE FORTNIGHTLY Review

OF THE CHICAGO DENTAL SOCIETY

A.D.A. MEETING HIGHLIGHTS

THE JOHN OMERAN LIBRARY
NOV 20 1961

*Physical advantages proven through more than
5,000 clinical cases...*

- Denser, thus allowing thinner veneers and better color refraction and bonding qualities.
- Abrasion resistance twice that of methylmethacrylates—insuring longer life.
- Water absorption—one-third that of acrylics—thus, greater dimensional stability, elimination of unpleasant odors, seepage and discoloration.
Impervious to alcohol absorption—Luxene .51 (% wt.)—acrylics, 8-10 (% wt.).
- LUXENE VINYL is tougher—allowing exposed anterior incisal edges.

Luxene Crown and Bridgework requires no change in your present procedure, however, the use of the Luxene Standard and the Luxene Characterized shade guides are essential for maximum results.

Cut out and mail to us today

Gentlemen:

Please send at your earliest convenience
Luxene Standard and DeLuxe Shade
Guides.

IN TODAY'S BUSY PRACTICE

There are just so many hours to see your patients — no additional hours to see more patients. Now the ratio of population to dentist is 1900 to one. In the next few years it will be well over 2000 to one. Vitallium restorations can conserve your chairtime, particularly if you have been experiencing extra-long appointments, adjustment appointments, repair appointments or remake appointments. To save every second of your valuable chairtime, prescribe Vitallium quality service.

Contributions: Manuscripts should be typewritten, double spaced, and the original copy should be submitted. Every effort will be made to return unused manuscripts if request is made, but no responsibility can be accepted for failure to do so. Anonymous communications will receive no consideration whatever. Manuscripts and news items of interest to the membership of the society are solicited.

Forms close on the first and fifteenth of each month. The early submission of materials will insure more consideration for publication.

How bright is their future? You can help make sure they'll have financial security in the years ahead by starting a regular savings program with U.S. Savings Bonds.

The payroll "deduction" that adds to your income

When you join the Payroll Savings Plan at work, you authorize a "deduction" from each paycheck. But the money comes back to you $33\frac{1}{3}\%$ bigger. That's because it's invested in U.S. Savings Bonds. All you do is tell your company how much to set aside from each paycheck. The rest is automatic. Even if you've never saved before, you become an expert saver just by signing the Payroll Savings card. And if you set aside as small an amount as 63¢ a

day, in a year you'll own U.S. Savings Bonds worth \$300.00 at maturity!

Nice things to know about U.S. Savings Bonds

- You invest without risk • You now earn $3\frac{1}{4}\%$ interest to maturity • You can save automatically on the Payroll Savings Plan
- You can buy Bonds at any bank • Your Bonds are protected against loss, fire, even theft • You can't lose your money • You can get your money any time you want it
- You buy shares in a stronger America.

You save more than money with U.S. Savings Bonds

You're Missing Something
IF YOU HAVEN'T PRESCRIBED
Luxene All-Vinyl Dentures

A. Hygiene

Luxene denture base material and Luxene teeth combine chemically. This produces a sanitary denture which excludes the infiltration of bacteria between the teeth and the base.

B. Strength and Stability

The Luxene All-Vinyl Denture provides the highest standards of toughness, and chemical and dimensional stability. Clinical reports reveal practically no breakage of the base or the teeth.*

C. Esthetics

The Luxene All-Vinyl Denture will give you and your patient what you are both looking for — a restoration that is completely natural in appearance.

To provide a wide range of selection, Luxene Teeth are available in 24 lifelike shades. Request a Luxene Shade Guide from your Luxene Processing Laboratory.

The Calendar

- November 16:** CHICAGO MEDICAL SOCIETY: The Jackson Park Branch of the Society will hold a meeting at Billings Hospital. The subject will be "What a Physician Should Know About Modern Dentistry." Dr. Arthur Elfenbaum will be the guest speaker. A cocktail hour at 6:30 p.m. and dinner from 7:00 to 8:00 will precede the program.
- November 21:** CHICAGO DENTAL SOCIETY: Regular monthly meeting will take place in the Waldorf Room of the Conrad Hilton Hotel, with movies at 7:00 and the scientific session at 8:00. Dr. Max Shapiro will discuss "Periodontology for the General Practitioner." Please turn to page 10 for complete information.
- November 28:** DENTAL ARTS CLUB OF CHICAGO: A meeting will be held at Stella's Restaurant, 9:00 p.m. Guest speaker will be Dr. Marvin Blechman; his topic, "Oral Surgery, Office Procedure and Cases."
- November 30:** FAR WEST STUDY CLUB: A meeting will be held at Louis' Restaurant.
- December 1:** OAK LEAF STUDY CLUB: A meeting at the Y.M.C.A. will feature Dr. Robert Price on the subject of finishing amalgam fillings.
- December 4:** WEST SUBURBAN BRANCH: Round Table meeting will be held at the Oak Park Club, with Dr. Nick Choukas speaking on hospital dental services.
- December 5:** NORTHWEST SIDE BRANCH: A meeting will take place at the Chanteclair.
- December 5-6:** KENWOOD-HYDE PARK BRANCH: A two-day seminar at Zoller Clinic will be conducted by Dr. Frank Orland and staff. Turn to page 21 for details.
- December 6:** SOUTH SUBURBAN BRANCH: An all-day seminar will be held at the Dixie-Governor Motel, featuring Dr. Robert E. Lee on "Restorative Dentistry." See page 12 for further information.
- December 6:** NORTH SUBURBAN BRANCH: A meeting starting with registration at 1:00 p.m. will take place at the Great Lakes Naval Training Station, Electronic Supply Office—cocktails, 6:00; dinner 7:15; and including a tour of the Computer Room with Univac in action. A varied scientific program will be presented.
- December 6:** NORTH SIDE BRANCH WORKSHOP: "Advanced Surgical Concepts in Periodontal Therapy" will be the theme of an all-day workshop at the Villa Moderne Motor Hotel, with registration from 7:30 to 8:30 a.m. Turn to page 19 for particulars.
- February 18-21: 1962** CHICAGO DENTAL SOCIETY: 97th Midwinter Meeting will take place at the Conrad Hilton Hotel.

Volume 42 • No. 10

Highlights of the Philadelphia A.D.A. Meeting

The annual meeting of the American Dental Association was held October 16-19 in historic Philadelphia under ideal weather conditions and most interesting surroundings. The usual meetings of the specialty and associated groups were held previous to the opening session which took place on Monday morning in the Grand Ballroom of the Sheraton with Congressman Judd of Minnesota delivering a most inspiring and challenging address, "Dentists in a Changing World." Dr. Judd is no stranger to Chicago Dental Society meetings, having addressed our Midwinter Meeting First General Session on two different occasions.

The House of Delegates met Monday afternoon, Wednesday afternoon and Thursday morning to transact the business of the Association. On Tuesday, reference committees held forth at which time the many resolutions introduced in the House were discussed and final decisions were made to recommend passage or rejection to the House of Delegates. Any member of the Association is free to attend these reference committee meetings and to express his feelings on each resolution.

The resolutions creating most interest were: Proposed limitation on announcement of specialization to the public. (Requiring that after January 1, 1965 any dentist presenting himself to the public as a specialist in the seven recognized special-

ties, Oral Surgery, Prosthodontia, Periodontia, Orthodontia, Pedodontia, Oral Pathology, Public Health Dentistry, and who has not been so recognized before, must have at least two years of additional advanced work in his specialty over and beyond the two years of pre-dental and four years of dental school.) This resolution was adopted. The resolution which would have opposed aid to dental education as adopted in 1949 was defeated. The resolution on closed panel dentistry was amended to use of the word *agreement* instead of *contract* and stated that the use of this type of practice was least acceptable. It was adopted.

The resolution dealing with the training of ancillary help in the practice of dentistry under supervision of the dentist was adopted after spirited discussion. The resolution to withdraw class "B" classification was defeated. This too created considerable interest for had it passed it would have removed Crest from a tentative-acceptance status. Many other items of importance dealing with the Association's affairs were transacted but they were for the most part routine.

The writer is certain that election results will be of interest, so here goes: Our friend Jerry Timmons, Dean of Temple University Dental School and Speaker of the House for the last seven years, was elected President-elect; Jay Eshleman, General Chairman of the Philadelphia

presents

PERIODONTOLOGY *for the* **GENERAL PRACTITIONER**

by

DR. MAX SHAPIRO

of Beverly Hills, California

Dr. Shapiro is an essayist of national and international repute and is an outstanding authority on periodontal problems.

He will discuss the regeneration of bone, connective tissue, epithelium and other tissue elements. Slides and models will illustrate technics of choice in handling periodontal problems and comparisons will be made with other technics more destructive in nature. Current research in periodontics, including experimental induction of disease, will be presented.

Monthly Program Chairman

News and Announcements

WRITE THE HILTON FOR MIDWINTER ROOMS

Room reservations for sleeping accommodations during the 1962 Midwinter Meeting, February 18-21, are to be made directly with the advance reservations section of the Conrad Hilton Hotel.

Requests for rooms should be made in writing and sent to the hotel in Chicago, Zone 5. Give the type of room desired, the names of all the occupants and the day and time of arrival together with the day of departure.

The Conrad Hilton is usually out of rooms for the Midwinter Meeting by Thanksgiving, at which time requests will be forwarded from the Hilton to the Chicago Housing Bureau which will assign latecomers to rooms at other Chicago hotels.

Rooms at the Hilton are limited. It is a case of first come, first served—write now or pray later.

ACADEMY OF GENERAL DENTISTRY NOVEMBER MEETING

The Academy of General Dentistry will present Dr. Max Shapiro on "Periodontology for the General Practitioner" on Wednesday, November 22, 9:00 a.m. to 12:00 noon, at the Sheraton Blackstone Hotel.

The purpose of this meeting is to give the men an opportunity to get as much detailed information as possible on Dr. Shapiro's presentation at the Chicago Dental Society meeting on Tuesday evening, November 21. Often it is impossible to completely cover such a subject in the few evening hours of the C.D.S. program. Dr. Shapiro has graciously consented to stay over to give the Academy members the opportunity to learn more on this phase of dentistry.

For further information, contact Dr. Ronald Gilbert, Academy Secretary, 5545 W. Irving Park Rd., AV 2-1036.

MISS MORRISON TO TALK BEFORE GROUP IN PEORIA

The Illinois Academy of Dental Practice Administration will present Miss G. Archanna Morrison on "How to Run an Efficient and Successful Dental Practice" at the Pere Marquette Hotel, Peoria, Illinois, March 18 and 19. Complete information is published elsewhere in this issue.

KENWOOD BRANCH PARTICIPATES IN ZOLLER SEMINAR

As part of a twenty-five year commemorative celebration, Frank Orland, Director of Zoller Clinic, has invited the Kenwood-Hyde Park Branch to tour the laboratories and to attend the clinics based on the diversified operations at Zoller. The tour will take place at Zoller Clinic on December 6th and will conclude with a luncheon.

On Tuesday, December 5th, the staff from Zoller will present a history and study of Zoller Clinic activities. This meeting will be held at Morton's, located at 56th Street and Lake Shore Drive.

DENTAL ARTS CLUB MEETING

The next meeting of the Dental Arts Club of Chicago will be held on Tuesday, November 28th, 9:00 p.m., at Stella's Restaurant, 3206 N. Kostner. Guest speaker will be Dr. Marvin Blechman; his topic, "Oral Surgery, Office Procedure and Cases."

U. OF I. COURSES BEFORE AND AFTER MIDWINTER MEETING

The University of Illinois College of Dentistry will offer a postgraduate course titled "Current Histophysiology for the

REGULAR MONTHLY MEETING CHICAGO DENTAL SOCIETY

Conrad Hilton Hotel
October 24, 1961

President O. E. Scott opened the meeting at 8:07 p.m. in the Waldorf Room of the Conrad Hilton Hotel.

A motion was made and carried to dispense with the reading of the minutes of the May meeting. A motion to approve the minutes of the May meeting as published in the June 15, 1961 **FORT-NIGHTLY REVIEW** was carried.

Reports of standing committees—none.

Reports of special committees—none.

Unfinished business:

The Secretary read the following resolution which had been presented at the May meeting: "RESOLVED that Article XIII Sec. 2 be amended by adding the following standing committees the number of personnel to be as indicated:

Insurance (11)

Dental Budget Plan (11)

Civil Defense (11)

Be it further RESOLVED that membership of the Insurance Committee, the Dental Budget Plan Committee and the Civil Defense Committee shall consist of the chairmen of the committees of the same name in each of the eight branch societies plus three members appointed by the Board of Directors beginning with one, two and three year terms, their successors to be appointed for three-year terms and provided that no two such appointees shall be members of the same branch society. The president shall annually designate the chairmen of these committees. The president-elect shall annu-

ally designate the vice-chairmen of these committees."

The resolution was passed unanimously.

New business: Dr. Scott introduced Dr. William Semiloff, President of the North Side Branch, and Dr. John L. Manning, President of the Englewood Branch. Dr. Scott also introduced some thirty-five dental students from our three Chicago Dental Colleges; and also in attendance were sixteen students, now enrolled in the dental assistants' course at Bloom Township Community College. They were asked to rise, and received a very warm welcome.

Our President then presented the Program Chairman, Dr. Arthur Duxler, who after some very kind and complimentary remarks as to the record and standard of good programming, introduced the guest essayist, Dr. Ray Hailey, Jr., of Denver, Colorado.

Dr. Hailey delivered a most interesting lecture, accompanied by colored slides, on Pre-requisites for Lasting Amalgam Restorations.

This subject was very well received in a crowded Waldorf Room, where some five hundred and twenty-five people were in attendance. At the conclusion of the lecture Dr. Duxler thanked the clinician, after which Dr. Scott adjourned the meeting at 9:30 p.m.

Respectfully submitted,

Gerson M. Gould, *Secretary*

97th Midwinter Meeting of the Chicago Dental Society

News of the Branches

South Suburban

Hi, gentlemen, just another reminder for those who are still interested in accomplishing better dentistry, for both their own and the patient's satisfaction. Our study group feels that they again have an excellent clinician to rekindle this desire which is imbedded in us. Now nobody likes to buy a pig-in-a-poke, however, you will get an excellent chance to evaluate this man for yourself, because he will speak first at our regular Tuesday meeting, Dec. 5th. Then he will give an all-day seminar at the same place on Wednesday, Dec. 6th. In a way, the men from other branches will have an advantage over us for this occasion. The location, accessible by the tollway, plus the fact that visitors can come the night before, stay at the motel, sleep late and still get the best tables. The convenience and attractiveness of this are the reasons that our branch is and will be able to get the finest of technicians, practitioners and researchers. Meanwhile, back at the ranch—in case you are wondering who the speaker is (weren't at the last meeting, huh?) it's Robert E. Lee of Eau Claire, Wis. My advice is to give Steve Lynch your reservation now so that he can plan on the number of guests to expect, and definitely plan on attending the seminar. However, if in doubt about this man's ability, at least attend the regular meeting and get tempted, (golfing is not so good this time of year anyhow, and most courses need this time to replant divots). . . . Herm Gornstein is sporting a new New Yorker now, Rol Riegel is another to join the stationwagon group. Art Chun and family moved into a new home. Al Bendrick and family motored to St. Louis for a few days. . . . The Harvey Clinic for Indigent Students of Thornton Township High School has started its second year with the same panel of dentists; Cubbon, Larson, Madory, Murawski, Seidel, Teeling and

Waldschmidt. The clinic is sponsored by the Harvey Community Fund. . . . Clarence and Mrs. Folkers took a quickie vacation to White Sulfur Springs for four days. They stopped at the Greenbrier, then motored through the Alleghany Mountains and had time to attend a wedding at Ansted, West Virginia. . . . Howard Strange is in Los Angeles attending the Angle Society meeting. . . . Shelly Wallach is sporting a beautiful Jamaican tan. . . . Nick Polito has moved to a new office at 7227 W. 127th, Palos Heights.—*Francis H. Wright, Branch Correspondent.*

Northwest Side

The National meeting in Philadelphia must have had a large attendance because the Northwest branch contributed many members and if they all did as well, the place should have been jammed. Among those present were, the Gerson Goulds, W. Kubacki, Ted Weclaw, Jim Mershimmer, the Wengers, the Applebaums, the Harris's and daughter, Ray Rux, and Dan Klein. Dan said he ran into many Chicago boys including Kozil. He enjoyed the eating places and the clinics were tremendous. With as many faithful members as we have it is no wonder that our branch is considered one of the finest; keep it up, boys, we're proud of you. . . . We have a few sad notes for this issue. R. Jaskulski's father passed on a week after surgery and Carl Leesman lost his wife and just a short time later lost his mother. The members of the Northwest branch extend their deepest sympathy. . . . On the brighter side, Ben Kite's son, Sherwin Kite, who is in his second semester at DePaul Law School, received two textbooks from the American Jurisprudence Company as an award for having the highest standing in his class, so now you know why all of the buttons are missing from Ben's vest. Con-

gratulations and keep up the good work. . . . I don't have much more to report, things have been kind of quiet this month. I made a few calls but to no avail. So, as I told you before, I will have to talk about my family. My wife has about six weeks to go and my daughter about 3½ months to go, my oldest son is a sophomore in pre-dent at Loyola. . . . Now send me some news or I'll continue. . . . See you next issue.—*Joe Cantafio.*

Englewood

Just called Senior Columnist Urban for whatever news had been channeled to his office only to be informed that he is attending a convention and would be back Thursday. What convention, Roman? . . . Seen at the A.D.A. meeting in Philadelphia were: Paul Kanchier, Vince Milas and their lovely wives. Also attending the meeting were: Harry Kazen, Frank Farrell, Tom Starshak, Bob Straub, Ed Strenk, Ray Van Dam, Otto Wagner and yours truly, representing Englewood. Oh, yes, Julius Dziubak and his bride were there but our paths never crossed. I understand that he put his yacht in dry dock and then headed for the A.D.A. session and followed that with a tour of the New England States and some relativity in Newport, Connecticut, where he was able to get a glimpse of J. F. K. Meanwhile back at his ranch in Niles, Michigan, he is having his Christmas-tree crop harvested. Boy! is he busy. . . . Bill Shippee just returned from a two-week

hunt in Antigo, Wisconsin, reporting ample success and had the ducks, partridge and woodcocks to prove it. He also mentioned wonderful martini hours. . . . Lou Horevitz and John Theodorou are seriously considering packing their grips for a trip to Russia as guest of the Central Intelligence Agency. John presented a paper on "Nutrition" before the Natural Food Associates, October 14. He gave a table clinic at the U. of I. Dental College Homecoming on November 8th. . . . Mike Orth is the daddy of another baby girl. Rumor has it he is still trying for a boy. A word of advice—stop taking suggestions from Gus Solfronk. He doesn't know from nothing about boys—no help. . . . Paul Kanchier tried to sell (forcibly) tickets for the Loyola Alumni Luncheon in Philadelphia many hours after the affair terminated. Myron W. Bardige, Past-President of the South Suburban Branch, conducted a very informative and enjoyable session on "Practice Management" before the Evening Professional Study Group at their meeting October 31st. . . . Henry Mathews presented a paper to the members and guests of the Dental Arts Club, October 31st. . . . The Monthly Meeting can only be as successful as the members make it. Plan to come out and do your part to make each meeting a little better than the previous one. . . . My thanks to Bob Straub, Marion Hopkins, Ronald Vermeulen and Walt Raczynski for their help at the Health Fair. Bob says: "This is really public relations." . . . Don Reynolds and Walt Raczynski must attend all St. Ignatius football games.

WAbash 2-8687 • 218 South Wabash Avenue • Chicago 4, Illinois

It's in their contracts with their sons. . . . Ken Sharpe will be moving to Oak Lawn soon. Welcome to the suburbs, Ken.—
Joseph A. Vocat, Branch Correspondent.

West Side

Fair is foul and foul is fair and all the witches have left their lairs. The vigil of Allhallows and the feast of Hallowmas has come and gone. October has left and the light-frosted pumpkins have been taken to market to provide us with pumpkin seeds and pies. . . . Isaac Schour, Dean of the University of Illinois Dental School, received the Spenadel Award for 1961 of the First District Dental Society of New York. The award goes annually to an individual or organization that has contributed significantly to dentistry. Isaac Schour has been a member of our branch for many years. Congratulations, Dean Schour. . . . B. T. Apke, his nephew Ted Apke, and Edward Kinzie examined the children at the Tilton School. They were aided by three beautiful young ladies from the School of Dental Hygiene of Northwestern University. Dr. Weinstein of the Chicago Health Department was in charge of the inspection. . . . B. T. Apke attended the American Dental Association convention in Philadelphia. En route he visited with the McKesson group of anesthesiologists in Toledo, Ohio, and also made a one-day stopover at the Dentists' Supply Company in York, Pennsylvania. . . . Sam and Dolly Goldberg have just celebrated their twentieth anniver-

sary. We offer our congratulations with many good wishes for the future. . . . Jack Hauptman is expanding and opening a new office in Skokie. We wish you success in your new surroundings. . . . The American Hospital Association and the American Dental Association will conduct an advanced institute on hospital dental service on November 28th-30th at the American Hospital Association's Chicago headquarters. Detailed information can be obtained by contacting our own Gerard Casey, who is the secretary of the Council on Hospital Dental Service. . . . Another of our members has gone into retirement. Ralph Ball has contributed his dental equipment to the Salvation Army and will be living in California henceforth. There is a grateful appreciation of your valuable services to the public that you have rendered for almost a half century, and we, the members of the West Side Branch, wish you health in the sanctuary of your new home. . . . In token of friendship and affection Joe Josh was honoured by his hygienist, Mrs. Richard "Dodie" Tolomeo. She gave birth to a son and named him Joseph Anthony. . . . Bill Hejna has fully recovered from a siege of illness and was happy to know we were interested in his well-being. Both of his sons are in the field of medicine. William is at the Illinois Research Hospital with a residency in orthopedic surgery. Thomas is at the Presbyterian Hospital with a residency in obstetrics and gynecology. These are wonderful dividends. . . . George Haebich has just returned from a trip to the West

Coast with stopovers at San Francisco and Las Vegas. George will rejoice soon as his son, Roy, will be discharged from military service. . . . Max Horwitz had no news for me. He leads a quiet life playing with his five grandchildren. Did you say quiet? . . . An authority on trout fishing is Charles Hainz. He uses the waters of the Upper Peninsula for his sport specialty. Charles visited with his daughter, Mrs. Gladys Crawford, at Columbus, Ohio. She has a Ph.D. degree and is on the staff at Ohio State University. Her specialty is to train teachers in the care for the deaf. . . . Harold Epstein travelled east, made a stop in New York City and later attended an all-day clinic in Endodontia in Philadelphia. . . . Henry Horwitz is one of the few fortunates who has passed the California Board. What's California got that we haven't? Henry's daughter Barbara is a freshy at Northwestern in the School of Dental Hygiene. . . . Received a card from Art Tessler sent from the Netherlands. He has visited England, Israel, Italy, Germany, and is on his way to Paris. Sends his greetings to all the boys. . . . By the time this article goes to press the University of Illinois will have had its Dental Homecoming Day. Loyalty award will be presented to Fred Bazola on this occasion. Our boys are always in the groove when it comes to doing us proud. . . . There is always an apathy and indifference shown by many members of our profession. This creates some resentment by those who seek to advance dentistry. To let others bear the burden of progress will only make you a man of little consequence both to the Society and the community.—
M. A. Lippitz, Branch Correspondent.

North Suburban

Well, Chuck (His Honor) Shaner has been out to South Dakota where he said the hunting was great for pheasants. . . . Welcome to Warren Gerber as a new member of our branch. He is attending the Mexican Dental Congress and will visit his daughter in Phoenix on the way

back. . . . Zene Shafer has been down to the Bahamas. . . . Bill Ford was elected Pres.-Elect of the Midwest Society of Orthodontists at the Minneapolis meeting which was also attended by Dick Smith, Charlie Baker (who received an honorary award plaque), Hewett Williams and son Bob, Bill Behm, and Wm. Bradford. . . . Jay Stine is going strong these days in practice with his father in Evanston. Nice to have him in our Branch. . . . Fred Verink is a new father again. A girl this time. . . . John Boyle is boasting about a new boy, and Chick Terrell is proud of a new baby girl. . . . Adrian Swanson is back from Bermuda. . . . Bob Johnson's picture was splashed all over the newspapers again as a yesterday's football great. . . . This meeting that we are having at Great Lakes Naval Station looks great. Remember it will be Wed., Dec. 6th. Three Captains of Uncle Sam's Navy will give their best findings on Occlusion, Endodontics, and Oral Surgery. See you there.—*Floyd Grover, Branch Correspondent.*

West Suburban

In the words of Paul Harvey, "Stand by for news." . . . This announcement is just a bit late, but John and Mrs. Poronsky were recently blessed with their eighth family addition, Christopher James, on Sept. 1st. Chris was born at Little Company of Mary Hospital without John Sr.'s assistance. Seems number seven was born at home in Berwyn and dad had to fill in as midwife (oops!). Calling Dr. Kildare. . . . Another addition to this crazy, mixed-up world is a son to Bob and Mrs. Musil. If you recall, Bob almost missed the last West Suburban meeting at Riverside because of his wife's condition. Apparently things worked out okay. This is number four for the Musils. Congratulations to both recent parents. . . . Look out, Jim Moran, you have competition! Joe Azzarello is in the car-leasing business, associated with other members of his family. From what I understand, Joe *et al* handle some

The Crescent

WIG-L-BUG

Flick on the Wig-l-bug switch and start the count-down.

Within 7 to 10 seconds, the "wonder electric mortar and pestle" delivers smooth, fine-textured, uniform mixes of alloy and mercury ready for insertion in the cavity.

Wig-l-bug owners the world around tell us that the result is better, stronger, longer-lasting fillings every time. /

What makes the Wig-l-bug so efficient? The answer is

its unique, oscillating, figure-8 mixing motion. Other advantages? Yes, it impresses patients, saves chair-time, avoids waste, eliminates guesswork and human errors. / The Wig-l-bug is available in Beautiful Black, Ivory White or Pure White, and your choice of popular colors at your dealer's. Order one today.

See your dealer or write for full details

of the top-flight lines, including Cadillacs, Oldsmobiles, etc. If interested, give Joe a call. It's amazing how many ways a person can make a dollar. . . . In case any of you fellows were wondering why Wes Olsen left early at the last West Suburban meeting, the reason is this: Wes left that very evening on an 11:30 p.m. flight to Pensacola, Florida in order to be present when his son, George, received his gold wings and ensign commission as a naval pilot. And if that wasn't enough excitement, Ensign Olsen married Miss Carol Luehring on Oct. 21st. His bride is the daughter of Walter Luehring of West Suburban Branch. Congratulations to all! . . . It seems that some of our boys are destined for "hairy" experiences. I recall Harry Brown had one on his return flight from Florida during the summer. Now, Bob Atterbury has joined the group. In fact he almost didn't make Bermuda in time for the oral surgeons' cruise convention. Bob and Mrs. A. left O'Hare by jet, and immediately after take-off, the plane developed mechanical problems. It seems they couldn't retract the landing gear. The ship circled Lake Michigan for 30 minutes and then returned to O'Hare for a safe emergency landing. After changing planes, Bob and his wife continued on to the East Coast. Prior to the cruise, they visited New England by car. Bob tells me that shipboard life is really great. They were waited upon hand and foot. And the food was excellent. In Bermuda there was much loafing and little learning. Upon returning to New York, Bob continued on to Philadelphia for the national meeting. . . . West Suburban was pretty well represented at the A.D.A. convention. Among others were Bill Tolar, Ron Gresens, Tony and Gloria Gargiulo, Bob Pollock, and Bob Strenk. . . . Ron and his wife continued on through New Jersey and New York before returning home to their new apartment in North Riverside. . . . Tony and Gloria Gargiulo visited Baltimore prior to the meeting. In Philadelphia, Tony presented a table clinic on periodontia, which he followed with a presentation to the Northwest Indiana State Dental Society, also on perio-

The later meeting was on Oct. 18th. Have clinic, will travel! Tony is on the bun circuit. . . . Before I forget, gentlemen, mark your calendars for the following dates: The Far West Study Club meets on the 30th of November at Louis' Restaurant. That's on a Thursday night and an outstanding program is being assembled. Don't miss it! Round Table meeting at the Oak Park Club on Dec. 4th. Speaker will be our own Nick Choukas, oral surgeon, speaking on hospital dental services; Oak Leaf Study Club at the YMCA on Dec. 1st. Speaking will be Bob Price on the subject of finishing amalgam fillings. . . . The Arcolians held their monthly meeting at the Chateau Royale on Oct. 24th. Among the members were Al Macaluso, Frank Luatorto, Joe Discipio, Santo Signorino, Joe Azzarello, Steve Mele (with the lovely sister), Dom Catrambone, John Esposito and Al Severino. We were fortunate to have a fine speaker in the person of Dr. Stanley Tylman whose subject matter covered many aspects of crown and bridge. Incidentally, the next meeting will be on Nov. 28th. This is to be an "Old Timers" night, and Al Macaluso will be toastmaster. . . . That about runs me out of writing space. However, there is just about enough room to wish all my friends in West Suburban a very happy Thanksgiving Day. Let us all hope and pray for continued blessings in the years to come. (I wonder if I should become a minister? Vincent Peale and I!) —William R. Aquilino, Branch Correspondent.

Kenwood-Hyde Park

Congratulations to Ben Gans on his appointment as Chief of Oral Surgery Service at Michael Reese. . . . The Larry Johnsons are playcationing in New York City, getting the latest scoop on the world of theatre and beanery; then they are off to White Sulphur Springs for auto-claving. . . . Sid Berg, returned from Philadelphia, is busy planning for the big evening honoring Bernie Spiro. . . .

Rudy Grieff and Howie Harvey hied themselves off to South Bend for the Northwestern-Notre Dame game. . . . Keep your eyes open for the flyer describing the two-day seminar that the members of Kenwood-Hyde Park are invited to attend at the Zoller Clinic on Tuesday and Wednesday, December 5th and 6th. Frank Orland and his staff are all set to greet us with some significant and distinctive phases of dentistry that take place behind hospital walls. . . . Phone in or write in some news items, fellows. I'd be happy to put them in print.—*Vic Wittert, Correspondent.*

North Side

Over the past fifteen months practically every member of the North Side Branch has received a double postcard (with prepaid return postage) requesting information or news for this branch column. Many of these cards were returned and the news published in the column. However, there are still some in your desk drawers and files. If you have not sent in news about yourself, your family or your colleagues, today would be a good time to fill out the postcard and take advantage of this opportunity of participating in one of your branch activities. Please *sign* the card as unfortunately some have been received without names and therefore could not be used. . . . Art Krause has been active as a leader in the Great Books Course at Winnetka Public Library where he recently started a third

year discussion group. Anyone wishing the latest information about Plato or Aristotle can contact Art. . . . Ray Bro has recently returned from a fishing soiree in Wisconsin where he was looking for a musky. I wonder what kind of a "fishy" excuse he will have this time? . . . Heard that Mark Mendelsohn was recently reactivated for two weeks with his Reserve unit. It seems that a substantial number of dentists are again receiving "greetings" from Uncle Sam. . . . John Brahm sent us a card about some of our world travelers. Bob Kiechler and family recently returned from spending several months in Europe, and Ed Walker and Harold Lange with their wives left for a three-months around-the-world trip. Gee, it must be wonderful to be able to take this much time for traveling. . . . Bernard Spiro was honored at a dinner on November 12 for his outstanding work in behalf of the Combined Jewish Appeal, the Israel Bond Drive, and the building of a new dental school at the Hebrew University in Israel. Our sincere congratulations, Bernie, for your unselfish devotion to these most worthy causes. You truly deserve these honors awarded you and we are proud to have you as a North Side Branch member. . . . A. H. Tamarin has recently published several articles on prosthetic appliances in a number of dental journals. . . . Hal Gerstein, Associate Professor of Endodontics at Northwestern Dental School, recently moved into his new offices at 30 N. Michigan Avenue. Good luck, Hal, in your new office which

BRAND OF MEPIVACAINE HCl

Today CARBOCAINE enjoys wide professional acceptance in routine dental procedures. With two solutions now available, the dentist has a choice of preparations to meet all the anesthetic needs of his daily practice:

- (1) CARBOCAINE 3% Without Vasoconstrictor—Used routinely for anesthesia of shorter duration as in high-speed restorative procedures...simple extractions...children's dentistry—and where vasoconstricting agents are contraindicated;
(2) CARBOCAINE 2% With Neo-Cobefrin® 1:20,000—for longer lasting anesthesia as in oral and periodontal surgery...quadrant dentistry...pulp canal work.
Rapid acting, well tolerated, with a wide margin of safety—it's CARBOCAINE in any case...that's the long and short of it!

SATISFACTORY ANESTHESIA IN ALL PROCEDURES

New York 19, N. Y.

CARBOCAINE AND NEO-COBEFRIN (BRAND OF LEVO-NORDEFRIN) ARE THE TRADEMARKS (REG. U. S. PAT. OFF.) OF STERLING DRUG INC.

NEWS OF THE BRANCHES

(Continued from page 22)

What would a meal taste like without a little salt, pinch of pepper, or your favorite condiment? Dentists tell us that variety in Manhattan gowns is the spice of life. They enjoy a change of style, change of fabric, change of color. And they tell us patients comment favorably indeed on their appearance.

You can specify blue, beige, tan, green, gray—as well as white, the next time you order. In Poplin, Dacron, Arnel. In long sleeves or short, collars or V-necks, belts or beltless.

The new Manhattan catalog describes and illustrates them all. You're welcome to drop in at our offices, stop at our booth at the dental meetings—or ask for a salesman to call. Why not call WA 2-0283 today.

ASSURANCE COMPANY

"H.T.R.B.U.X.?"

we understand took six months to put together. . . . Congratulations to the Mittelmans on the engagement of their daughter. . . . The Dubrows, who just celebrated their twenty-fifth wedding anniversary, are proudly announcing the expectation of their first grandchild next May. Ted is so thrilled about this happy coming event that we expect him to be passing out cigars from now on. . . . After many years of apartment dwelling, Al Gerber and family moved into their new home. Now with the chores of a garden and lawn and snow and storm windows and repairs, etc., Al will probably have less time for his Navy Reserve trips. Our sincere best wishes, Al and Lucille, for a happy and healthy life in your new home. . . . Morrie Gerry is recuperating at Weiss Memorial Hospital from a liver ailment and would appreciate hearing from any of his friends. I guess there is no "magic" way to stay well; otherwise Morrie, who is a very accomplished magician, would never have been taken ill. We are all sorry you couldn't make the Mexico trip with us, Morrie, and hope to see you soon again at the Forum. . . . Mel Frazin's wife, Millie, also was in the hospital trying to straighten out a slipped disc in her back. . . . We hear that Dick Pipia's wife also will be in the hospital in the not-too-far future but for a different purpose—they are expecting another child. Although this may be a little premature, all of us on the North Side wish to extend to our Secretary, Dick Pipia, and his wife our best wishes for this happy event. . . . Our thanks to Stan Goldberg for writing such an excellent column in the last issue. Harry Greene will write the next column and probably bring us up-to-date on his newest "Organization for Lousy Dentistry." (No foolin!). . . . Watch for our report from Mexico. . . . See you at the Workshop on December 6 at the Villa Moderne. Contact Sol Burnell in the Old Orchard Professional Building for tickets and further information. The program is outstanding, so don't miss it.—Earl S. Elman, Branch Correspondent.

NEWS AND ANNOUNCEMENTS

(Continued from page 11)

General Practitioner," February 15-16, designed to give a refresher program in histophysiology so that dental terminology and the latest concepts in current literature will be clarified in relation to their application in the dentist's daily practice.

On February 17, the U. of I. and the Illinois Division of the American Dental Society of Anesthesiology will sponsor jointly a one-day course on "Evaluation and Review of Medical Problems in Dentistry." Cardiovascular problems, hypertension, diabetes, and other medico-dental problems will be considered. The staff will include Drs. Max Sadove, George Kroll, Daniel Laskin, Marvin J. Colbert, Hyman Muslin, and Dr. Elaine Stuebner as course coordinator.

A five-day postgraduate course in "Advanced Operative Technic" will be offered March 19 thru 23, and will cover the use of high-speed operative instruments and indirect inlay technic. Each student will be assigned a patient and under supervision will complete the case with quadrant inlay preparations. Six students only will be accepted, and applications must be in by February 15.

Further information regarding tuition, etc., and applications are available at the Division of Postgraduate Education, University of Illinois College of Dentistry, 808 S. Wood St., Chicago 12, Illinois.

1962 MIDWINTER MEETING

The 97th Midwinter Meeting of the Chicago Dental Society will take place February 18, 19, 20, and 21, 1962, at the Conrad Hilton.

An Iowa farmer, on his first visit to the big city, stopped in a plush cocktail lounge and ordered a beer.

"How much beer do you sell a week?" he inquired.

"About 40 kegs," replied the bartender.

"I'll tell you how you can sell 80."

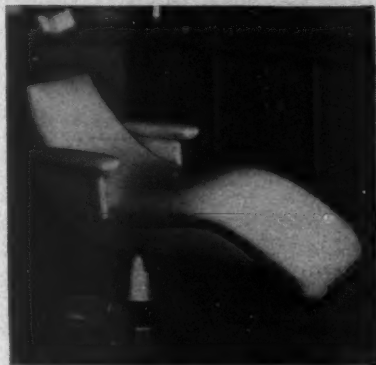

"Eighty kegs?" said the bartender, amazed. "How?"

"Simple," answered the farmer. "Fill up the glasses."

HIGHLIGHTS OF THE PHILADELPHIA

A.D.A. MEETING

(Continued from page 9)

meeting, was elected 1st Vice-President; Sau Y. Chang of Hawaii was elected 2nd Vice-President; Howard Higgins of South Carolina was elected 3rd Vice-President; Floyd Ostrander was elected Speaker-of-the-House to succeed Jerry Timmons, and the following were elected Trustees: Hubert A. McGuirl, 1st District; Maynard K. Hine, Seventh District; E. Jeff Justis, 6th District; Henry M. Willits, 10th District. Dr. John R. Abel was installed as President for the coming year along with the other officers by Dr. Patton.

Honorary memberships were conferred upon Dr. Walter H. Judd, Congressman from Minnesota, Dr. F. J. McClure, of the National Institutes of Health, Chief of Oral and Biological Chemistry, and to Mr. Henry M. Thornton, President of Dentists Supply Company of New York, for their great contributions to the health and well-being of the public and to dental education. Dentistry is fortunate to be able to recognize these outstanding benefactors.

Winners of the student dental clinics in which representatives from all dental schools in the country are invited to compete were: In the clinical application technic, Edward Ras, Frank Mellana and Joseph Pianpiano of Columbia University and, in the basic science and research section, Duane F. Carbone of Harvard School of Dental Medicine. Congratulations to these young men!

Also recognized were the winners of the American Dental Association's Certificates of Superior Achievement—Miss Ann E. Stuart of Camp Hill, Pa. and Miss Barbara E. Parker of Detroit, Mich. for their science (dental) projects. They were present at the meeting as guests of the Association. Our sincere congratulations to these young ladies.

The scientific sessions were held at the Convention Hall some distance from the center of the city. They were very well-attended and an excellent well-diversified

program was presented. The scientific and commercial exhibits were held at the convention hall too. May I comment here upon how fortunate we are in Chicago to have our Midwinter Meeting in the Conrad Hilton Hotel where all facilities are housed under one roof, essay and clinic programs are held in soundproof rooms where outside noises do not disturb the speakers and dozens of meetings can be held simultaneously.

The ladies were entertained royally with two tours of history-packed Philadelphia and, from all the writer heard, an outstanding fashion show. The Eugene Ormandy concert of the Philadelphia Orchestra was an event long to be remembered. The President's dinner, too, was an event which those who attended will long remember.

Before closing may the writer report that the registration total was 16,701, second only to the attendance last year of 17,129 in Los Angeles and not including our centennial meeting in New York. There were 7,875 U.S. dentists, and 248 dentists from other lands.

There were many other items which space does not permit reporting. One item of special interest to our membership was that Karl Richardson was elected President of the Component American Dental Executive-Secretaries. Our congratulations for a much-deserved recognition.

That, in a very short summary, is what happened at the A.D.A. Meeting in Philadelphia.—E. Ebert.

APPLICANTS

(Continued from page 24)

TULLY, THOMAS A. (Northwestern 1959)
North Suburban, 900 E. Northwest Highway, Mt. Prospect. Endorsed by Roland A. Cooper and Robert A. Schnell.

"I'll have a martini with 30 parts gin and 1 part vermouth," ordered the man at the bar.

"Would you like a slice of lemon peel twisted in it?" asked the bartender.

"Listen," rasped the customer, "if I want a lemonade, I'll ask for it."
